By exercising you will gain...

- Physical
 - Psychological
 - Social
- ...benefits

How you will develop

The programme will allow you to become more confident in dealing with your joint pain for the long term by helping you learn techniques for avoiding the **Vicious Cycle**

What you will learn

How to safely exercise & pace yourself	Tips from other people with the same condition
Advice on healthy eating	Setting personal goals
Remaining positive	Managing flare ups

What participants tell us

90%

of participants surveyed were satisfied with the service and participants were more optimistic following the programme

Participant testimonials

I know my knees are stronger because of the work on my muscles and I intend to carry on with the exercises and gym work

I have benefitted 100% from the class. My right knee is much improved and I have a training programme to help me with the rest of my life

It has given me the confidence to exercise more than I thought possible at my age and due to the fact that I have osteoarthritis
